PCB latching relay GRT508C (MLE-16A)

Contact form: 1A/1B/1C

Contact rating: 16A 250VAC

Max. switching power: 4000VA

Shut time: 16ms Max.

Voltage: 6-24VDC

Outline dimensions: 29.0*25.0*13.0mm

Electrical life : 1×10^4

Mechanical life: 5×10^5

Initial insulation resistance: 100M Ω

Ambient temperature: -40 $^{\circ}$ C - +55 $^{\circ}$ C

Weight: 45g

Dielectric strength between contacts and coil: 2000VAC 50/60HZ

Dielectric strength between contacts: 750VAC 50/60HZ

Small size, low power

Signal coil and double coils available

Low power, heavy contact load

PCB layout, safe, long life
